Strong with Rights, Happy with Family

Goals

The aim of our project is to:

- introduce children to fundamental rights and freedoms through fun activities
- help students unestand the importance of love, respect, and sharing within the family
- develop life skills (communication, cooperation, problem-solving, responsibility, self-confidence)
- recognize family structures and values in different cultures, to increase intercultural tolerance
- to help students gain empathy and the ability to express their feelings
- to increase our students
